### Governor Bans All Fires, Smoking in Forest Land

Because of severe fire conditions Governor Blanchard has banned all fires and smoking in or near forest land in 48 northern counties including Crawford. No debris burning or cigarette, cigar, or pipe smoking is allowed under the proclamation issued Wednesday, May 13. Campfires are also banned except those in approved rings or grills at state campgrounds.

Grayling DNR forest fire fighter Duane Brooks said he expected the ban to last at least until after Memorial weekend unless heavy rains soak the area.

In accordance with the Governor's ban, Camp Grayling Commander Colonel Schmidt said no camp fires or burning will be allowed within the confines of Camp Grayling except in the authorized campground within the cantonment area. No smoking will be allowed on the Camp Grayling Military Reservation except within designated facilities. Schmidt also announced all use of tracer ammunition, rockets and missiles, smoke producing devices, white phosphorus rounds, and pyrotechnics will be prohibited until further notice.

Despite the high fire danger conditions, Crawford County again had only a few fires last week. Brooks reported only a couple of small fires on private land. Two fires on military land, near range 40, were contained to 25 acres and 10 acres respectively.

For any questions about burning permits, please call the DNR field office at 348-6371.

### Local Woman Charged With Embezzlement

Mary Caine, 50, of Grayling, was arraigned in 83rd District Court Tuesday, May 19, on a charge of embezzlement from the Grayling Holiday Inn. Grayling City Patrolman Pellerito said he and Detective Kevin Teddy, of the Michigan State Police crime lab, closed a four month investigation early Thursday morning, May 14, with an arrest of the suspect. Undercover officers and police using surveillance cameras were used in making the arrest. Pellerito said the amount of money involved could not be disclosed.

### County Commission Concerned About Medical Authority

Crawford County commissioners are showing concern about a mandated program from the Michigan Department of Public Health to Mercy Hospital which may give the hospital control over the county ambulance.

Commissioners at their meeting last week heard a report from Tony Doremire, Ambulance director, who discussed the proposed Medical Control Authority. It would permit Mercy Hospital through a radio system to determine which ambulance personnel and service are qualified to handle each particular run, he said.

In a letter sent to Commissioner Jeannette Kitchen, Pattie Walker, emergency room manager said, "This means that Mercy Hospital will assure the provision of a quality, cost-effective emergency medical services system which meets the emergency health needs of the residents of Crawford County, through the establishment of protocols, procedures and standards, and the development of a system-wide evaluation strategy."

The commissioners are disturbed that apparently the person manning the radio at the hospital during an ambulance run can intercept the ambulance and mandate that a person with specific training from another service be placed on board. They contend that it would be possible for the authority to put the county and the Frederic ambulance services out of business.

An organizational meeting has been called by Walker for the authority on Wednesday, May 20. The membership is made up of hospital personnel, ambulance directors, a county commissioner, a member of law enforcement and a citizen at large, Doremire said. The question commissioners ask is what can possibly be the role of the authority when the law and the policy plan is apparently already fixed.

The commissioners decided to send the plan to Assistant District Attorney David Sabin to ask him for an interpretation of the document and the law. Until he examines the papers, the commissioners will ask that the representatives at the meeting on May 20 take no formal action.

### Inmate Program Gives Time Off for Work

Sheriff Harold Hatfield told commissioners at their meeting last week that he hopes to work out a cooperative agreement with the court to permit time off of sentence for community work. He has suggested to the local judges a one half day reduction in sentence for inmates for each day of work. The immediate project that he hopes can be accomplished is assisting on the cleanup of the AuSable River that is sponsored by the Fish Hatchery Committee.

Hatfield also reported that a Department of Corrections examination of the menu at the jail revealed an excellent score. Ann M. Russel, a correction facility specialist, suggested in a letter of commendation that Hatfield congratulate the staff on a job well done.

The sheriff told commissioners that two seasonal marine officers, one part time cook and an assistant animal control officer must be hired. He commented that the part time wage of \$4 per hour is not too attractive for such jobs as assistant animal control officer since much of the 18 hours per week spent on the job is on weekends. Commissioners agreed to call a special meeting of the Ways and Means Committee to determine if a change should be made in the part time hourly wage scale.

Pam Fisher of Kenquest addressed the commissioners about a proposed application through the Michigan State Housing

Development Authority (MSDHA) for a home to house girls who have need for an independent living experience. She said that these girls would come from the Kenquest home where teen-age pregnant occupants stay until they have a baby.

Fisher said that some of the girls need another location after the birth to gain experience in independent living. The county commissioners were asked to be the unit of government to back the application as mandated by the MSDHA. Commissioners agreed that it would be a worthwhile program and voted to be the governmental sponsor.

The Michigan Department of Transportation has given Crawford County until May 20 to clean up brush on the I-75 right-of-way south of Grayling or the department will do it and send the county the bill.

The brush remains from the clearing of a snowmobile trail on the right-of-way from the south Grayling entrance to I-75 to Four Mile Road. The rights to the trail were granted to the county with the understanding that the brush would be removed.

Commissioners indicated that they assumed the brush would be removed by the groups that did the original work on the trail. They decided to seek a cooperative arrangement between the county road commission and county jail inmates to get the job done.

### Delinquent Tax Funds Won't Be Held Up By IRS

By Don Geiss

In a follow-up to a report at a recent commission meeting, county Treasurer Joe Wakeley said that tax delinquent bond sales may again be tax free as a result of an Internal Revenue Service ruling. He told commissioners that the sale of bonds which permits the county to pay townships and schools their total property tax income at once, might be permitted for at least this year.

Wakeley was not absolutely certain of the IRS ruling at the meeting but when contacted two days after he said he had received confirmation that the bonds could be sold. The bonds are readily purchased because the interest is not taxable. That feature also results in a lower interest rate charged to counties on the sale. He said that the IRS ruled favorably on a brief submitted by Kent County and this was used to include

# Michigan Townships Association Meets Here Thursday, May 28

The Michigan Townships Association (MTA) will offer a legislative update and educational program to township officials from Crawford, Antrim, Kalkaska, Missaukee, and Roscommon counties on May 28 as a part of

the annual MTA Spring District Meetings. More than one hundred township officials are expected to attend the all-day event being held at the Holiday Inn in Grayling. Beginning at 9:00 a.m.,

MTA Executive Director John M. La Rose will review current legislation which could greatly affect township government, including property tax reform proposals, property tax assessment administration, trans-

portation funding, county voter registration proposals and commercial forests. MTA Director of Education Mary Douglass and Education Assistant Susan Hodgman will join La Rose the second half of the morning

with "Back to the Basics," a review session of basic township responsibilities combined with a question and answer session.

After lunch participants will be able to choose from six concurrent workshops. Hodgman will conduct a workshop on setting township board compensation. La Rose will teach township officials how to prepare for tax assessment appeals. Consultant Gerald Thorne of Merskin and Merskin, CPAs, will present a workshop entitled "Accounting Records, Interpreting and Reporting."

Douglass will give township clerks and treasurers information on complying with IRS and social security withholding and reporting requirements. Finally, Gerald

Kott of Burnham and Flower Insurance will present a program on how changes in federal legislation will affect fringe benefit programs sponsored by townships. In addition, the State Assessor Board will conduct an assessors renewal course.

The cost of the program, which includes lunch and materials, is \$38.00 at the door. Registration begins at 8:00 a.m.

The MTA, based in Lansing Charter Township, provides lobbying and educational services to more than 99 percent of the state's 1242 townships and 6,500 elected officials. District meetings are conducted annually across the state with spring meetings offered in the northern portions of Michigan.

### American Legion Post 106 Leads Memorial Day Services

Memorial Day services will be conducted by Grayling American Legion Post 106 Monday, May 25, from 9:30 a.m. to 10:30 a.m. at the Grayling cemetery. If any other group, organization, or person wishes to have a part in the program, please contact Art Thayer at 348-7253.

The Grayling High School Band will open the program at 9:30 with a few selections. John Keir, Post 106 Commander, will welcome those in attendance at 10:00 a.m. Post Chaplain Leo Hirvela will give the invocation followed by a short address by County Commission Chairman Garland "Bud" Joyce. The main address will be given by Rev. Daniel Lochner of Mt. Hope Lutheran Church. Rev. Lochner is also a chaplain in the U.S. Naval Reserve.

A color guard and firing squad representing the Michigan National Guard and the American Legion under the direction of CSM Harold Golnick will add to the program.

### Grayling Jazz Band To Perform Downtown

The Grayling Jazz Band will perform a concert at 11 a.m. Saturday, May 23, on the Grayling State Bank lawn. The concert will be free and dancing will be permitted. The concert is being performed free of charge to show appreciation for the support the community has shown such as in donating money for new band uniforms.

### Lake Margrethe Association Meeting Set For May 23

The Lake Margrethe Property Owners Association Spring meeting will be held on Saturday, May 23rd, at the St. Francis Episcopal Church, M-72 West at 10:00 a.m. The meeting is open to all. Speakers include Mr. A. Stancil, Grayling Twp. Supervisor, Sheriff H. Hatfield, Col. R. Schmidt, Camp Grayling Commander. An interim report about the proposed roadend dock ordinance will be made by ad hoc chairman Robert Paulsen.

### Manistee River Association Meeting Planned May 23

The Upper Manistee River Association will hold their Spring meeting at 10:00 a.m. May 23, in the Bear Lake Twp. Hall. Coffee will be served prior to the meeting. The public is invited.

A wide variety of subjects of interest to members of the association and friends of the river will be discussed. Among these will be the initial studies of the Fisheries Div. of the DNR on the CR 612 and M-72 stretch of the river. Then the forthcoming brook trout planting; starting the creel census; the question of lamprey infestation; the development of new fisherman accesses, and DNR Forestry Division plans.

Everyone should attend the U.M.R.A. meeting and have a chance to voice opinions or seek information.

### Feldhauser Earns NASA 1987 Award

James Feldhauser, formerly of Grayling, has been named a 1987 "Manned Flight Awareness Honoree" by the National Aeronautics and Space Administration (NASA).

Feldhauser, a maintenance supervisor for Grumman Technical Services, Inc., a teammate of the Lockheed Space Operations Company at Kennedy Space Center, Florida, was among 15 employees from a work force of more than 5,000 selected for this honor on the basis of job performance. The Lockheed Space Opera-

tions Company is responsible for all ground processing and launching of America's Space Shuttles.

For his outstanding achievement as a member of the Shuttle Processing Team, Feldhauser will be a distinguished guest at a number of special events in Washington, D.C., May 12-15.

NASA's "Honorees" (from Kennedy Space Center and other NASA locations) will be flown to the nation's capitol where they will be briefed on the current status of the Manned Flight Awareness program by Astronaut Robert Crippen, will attend a reception hosted by Admiral Richard Truly, NASA's Associate Administrator for Space Flight, and will take an escorted tour of the Goddard Space Flight Center in Maryland.

Feldhauser has served at the Kennedy Space Center since 1980.

### GHCC, Union Avoid Strike

Grayling Health Care Center and UAW local union #2241 reached a tentative agreement that avoided a strike that was scheduled for Saturday, May 16, at 5:30 a.m. The two parties are expected to start contract negotiations within a few weeks.

There is still an intent by counties to seek legislation to mandate the tax free status of the bonds, Wakeley commented, so that the IRS cannot once again change its mind.

Wakeley also indicated to the commission, on another matter, that he intends to write to State Senator Connie Binsfeld re-

questing her to sponsor legislation making it mandatory for the military to pay ad valorem taxes on land it purchases. He pointed out that the land being purchased at the present time is no longer assessed as private property but rather reverts to the military tax of 10 cents per acre. The military will begin paying \$1 an acre tax after this year.

**MEMORIAL SERVICE FOR POLICEMEN** - About 60 persons attended a memorial service held Friday, May 15, for all policemen who have died in the line of duty and for all policemen who continually put their lives on the line. Crawford

County Sheriff Harold Hatfield, Grayling Police Chief Pete Stephan, and Crawford County Commissioner Chairman Bud Joyce led the ceremonies held in front of the sheriff department.

## Crawford County Designated As Bicentennial Community

Crawford County is one of only seven Michigan communities designated as a Bicentennial Community. The Commission on the Bicentennial of the United States

Constitution has recognized a group of 1,014 American cities, towns and counties as "Designated Bicentennial Communities." Forty-seven states and

Puerto Rico are represented by the 1,014 Designated Bicentennial Communities. In order to be designated officially, a community (city, town or county) must have

its elected officials authorize a commission, appoint members broadly representative of the community, outline plans and forward a specific request for recognition to its state commission.

The commemoration of the Bicentennial of the Constitution will focus in 1987 on the writing of the Constitution, in 1988 on the ratification by the states, in 1989 on the formation of the first Federal government under the Constitutional system, and in 1990 and 1991 on the writing and ratification of the Bill of Rights.

Joining Crawford County in Michigan are Flint, Grand Rapids, Swartz Creek, Southfield, Wixom, and Beverly Hills.

### BUT WITH OUR UNICORE INTEGRATED HEATING SYSTEM, YOU'LL BE WHISTLING DIXIE.

Get the heating system that combines energy savings with full-time comfort. The revolutionary gas-fired UniCore integrated heating system from GlowCore.

#### THE SECRET'S IN OUR SINGLE BURNER.

UniCore combines the efficiencies of gas-fired space heating and water heating into a unified single-burner system. Most systems require two burners — one for the furnace, one for the water heater — doing twice the work, burning twice the gas. But UniCore heats both air and water with just one gas burner in the furnace which is interconnected with the water heater.

#### COMPLETE HOME COMFORT.

The UniCore integrated heating system heats your total home as well as heating water for cooking,

dishwashing, laundry, showering and bathing. Our fast-recovery flameless water heater virtually never runs out of hot water.

#### LOW OPERATING COSTS.

Compared to standard systems 10-15 years old with 50-60% efficiencies, today's high-efficiency systems (80-95% AFUE) can save 20-35% on fuel bills. By combining 91% efficient space heating with water heating, the UniCore system saves you even more — 30-45% on your current fuel bills.

# Opinions

## Northern Views

By Jon Thompson

Many of today's grocery store items come packaged in groups of six. Here's a six-pack of multi-flavored opinions — ranging from bitter to sweet:

1. The Grayling Little League invited 42 board members and coaches to a work day Saturday, May 9, at the field. Many parents of players were also asked to pitch in. A dozen people showed up. This is a similar situation for many Grayling groups and clubs — a few people do most of the work while the majority just reap the rewards and don't care that they're not carrying their fair share of the load.
2. There's a lot of talk from some leaders here about spending money and effort to encourage growth and development in Crawford County. Who says we all want growth and development? Many people came here to escape development and a few of us natives like Grayling small and wild.
3. The National Forest Service made my day when they designated the Wakeley Lake tract a non-motorized area. I appreciate having a quiet place to go to hike or canoe. There is quite a lot of state and federal land and water open to motorized travel so this designation will give people a choice around here.
4. Another simplistic view on development — too bad there isn't a way to place more new development on abandoned sites and empty lots. We seem to have a growing number of abandoned buildings and lots in the county yet we're still clearing woods and bulldozing new sites for new development. We need to make better use of the land already cleared. The good use of land between Norway and Cedar Street is an encouraging sign.
5. There are places in Crawford County — most of them wetlands along the rivers or lakes — that never should have been developed. If I ever win the Lotto, I'm not going to move to the Bahamas. I would stay

right here in Crawford County and buy as much land as I could to help protect the remaining wild places from developers.

6. Speaking of the Lotto, what do you think of the news stories about lottery winners who go crazy and can't handle their new life? Some of these lottery winners claim all that money just caused them grief and sorrow.

These stories just make me shake my head. Wouldn't you like the chance to see if you could handle becoming a big lottery winner?

I think many of us poor jack pine savages could somehow manage to stay happy if we won a million or so dollars.

To try to back up my claim that many of us here would make good lottery winners, I would like to announce the first-ever Avalanche Lotto Contest. Most of us have thought a little bit about what we would do if we won the Lotto. The Avalanche would like to hear from its readers on what they would do if they won a million dollars in the Lotto.

Send your plans to "Avalanche Lotto Contest" P.O. Box 490, Grayling, 49738, or drop them off at the office. The person who has the most interesting plans for spending the Lotto money will win 25 Lotto computer pick tickets paid for by the Avalanche.

Please keep your Lotto plans within 50 to 150 words. The deadline for entering the contest will be 1 p.m. Friday, June 5. The winning submission plus some honorable mention submissions will be printed in this column in the June 11th issue. The contest rules will be repeated in the next two Avalanche issues and there is no cost to enter the contest. Please double space your entry.

The winner of the 25 Lotto tickets gets to keep any winnings received from the tickets. Please enter. We want to hear about your plans about spending Lotto money and one of the tickets you could win might make your dreams come true.

## Letters to the Editor

### Effort Shows Community How To Work Together

Dear Editor:  
I would like to give a special thanks to the Maple Forest Township Board, Mrs. Mary Coy, Mr. and Mrs. Edward Tobin, Crawford County Township Supervisors Association, Crawford County Commissioners, Mr. Don Geiss, the residents of Maple Forest Township, and everyone who helped with the issue of the military

land use.

This just proves to me that people can work and stick together, not just let your neighbor do it all. It really makes me feel good to see people work together.

I would like to say that after what has appeared in the newspapers, T.V. and comments made, please don't become complacent. This issue of military land use is not over yet, possibly

this year, (but I have doubts till I see it officially in writing). But what about the years to come? Please don't stop with your letter writing yet.

Again to everyone who has helped and to those of you I know and did not mention thank you.

Sincerely yours,  
William C. Coy  
Township Supervisor  
Maple Forest Township

## Military Man Warns Against Being Misled

To the Editor:

Hello! It's the military man again. I would like to set you people to using your own common intelligence about the badly needed military training that's to be performed in our area.

I do not blame certain people for being misled by the mistaken information being broadcast by angry uninformed persons. However, I do blame the rest of the people who listen to them. They prevaricate about things that have not happened and things that will not happen until it's been OK'd by higher authorities such as the DNR and the military leaders. A lot of departments have to pass judgement on any parcel of land to be used for training. If anyone of you

hear rumors of such bad action, it behooves you to inquire of the DNR or military to clarify the training areas.

It's true the military people have in the past had run-ins with private property owners and the military has had to make restitution for injuries.

The military is like God. It has to protect all of us regardless of our age and station in life. Please be patient; all of our fears will be put to rest.

The grippers will rise and fall. In the meantime, weigh the facts, do your own thinking, place your trust in our military and God, and pay your taxes. We must be strong and ready.

The Military Man  
Jerry Terry

## Big Issue Is Quality of Life

Dear Sir:

A short note with reference to problems that seem to be plaguing our community. We have owned a home on the AuSable River and love the area. We feel perhaps the big issue is trying to keep the quality of life that we all want to enjoy.

One detriment in that regard is the low-flying planes and firing of heavy artillery at 3:00 in the morning.

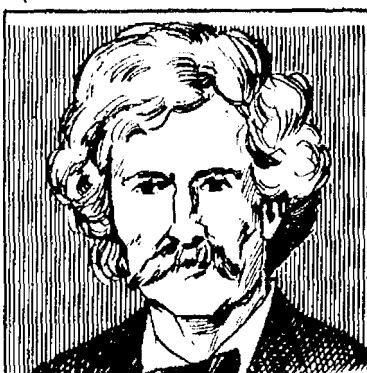

Cheers for B.H. Rust's letter in the March 19 issue of the Avalanche.

Regards,  
Louise and Vid Roe

### I see by the papers.....

by Richard Millman

I SEE BY THE PAPERS that the Rotary Club is now open to women. The Supreme Court of the United States said so.

The case arose when a local Rotary Club in Duarte, Calif., signed up a few women as members. Rotary International lifted the Duarte club's charter. So the California club went to court.

The supreme Court ruled that under California's public accommodations law, the Duarte club could not exclude women, and the same would apply in any state which has somewhat similar public accommodation laws, which Michigan does.

GOOD. AS A ROTARIAN of long standing, I applaud the move. I think local clubs are depriving themselves of many advantages by excluding women, who increasingly hold more power positions in business and commerce. For a business-oriented club such as Rotary to exclude women from its membership is to shortchange the male members.

That's all beside the question of women's moral and legal rights to associate, which is at the core of the Supreme Court's decision. I have no quarrel with that line of reasoning either.

So, welcome, women, to Rotary. Of course, it may be another example of male vanity to think women might want to associate publicly with male Rotarians, anyway.

I SEE BY THE PAPERS that the protests of the 1960s are edging back with us. So far, public demonstrations to protest one thing or another have been relatively small and relatively calm, compared with some of the huge and violent demonstrations of a generation ago.

But who can tell? Protest may assume its former proportions one of these days.

Demonstrators still don't like war. ...but then, who does? Target this time in Central America, instead of Vietnam. Demonstrators still don't like nuclear power, nor the CIA, nor perceived racial bias — all of which are familiar targets.

What happened to the demonstrations between the 1960s and the 1980s? Maybe things were going so well for everyone that they didn't feel unhappy enough to demonstrate. Perhaps the recurrence of the picket line means a downturn in our economy looms.

AMY CARTER, the former president's

college-aged daughter, is the darling of the new wave of protest. She already has the notoriety to deserve her front-row seat, which other demonstrators have to earn through repeated disorder and jailings.

But some of the tired old faces are back again too, after a lapse of 20 years or so from the front lines — and the headlines — of protest ... such as Daniel Ellsberg and the Berrigan boys and Abbie Hoffman.

I have a suggestion: Why don't the gray beards of protest, such as Ellsberg and Berrigan and Hoffman (and Dr. Spock, for heaven's sake!), stay home and leave the 1980s to the young zealots such as Amy Carter? They're all old and tired and haven't offered anything new in 20 years. Today's protests would carry more weight if they were reserved for the new wave.

I SEE BY THE PAPERS that Michigan state government faces a deficit ... or does it? An argument is current at the state Capitol.

The reason for a projected \$50 million deficit, according to the Senate Fiscal Agency, is because of inaccurate revenue forecasts and additional spending requests.

A private organization called Public Sector Consultants also has forecast a deficit, and these folks have usually been on target in their reflections on state affairs. But officials of the Blanchard administration — predictably — say "no way."

OF COURSE, balancing the budget in government is one of the easiest jobs around — at least on paper.

All you have to do to balance any government's budget is to increase revenue forecasts and decrease spending forecasts, and you can come out with any sort of bottom line you want.

Of course, transferring such a balanced budget into reality is quite another thing; for example, when spending is higher than forecasts and revenue is lower than estimates, then a deficit usually results. This is what the Senate Fiscal Agency says, has happened.

We shall see. The Only way to know for sure is to count up the money after the year is completed. Anything that happens before that can be likened to voodoo economics.

Now, where have I heard that phrase before?

### School Plan Would Cut Property Taxes By \$1 Billion

By Warren M. Hoyt  
Michigan Press Association

Half of growth in state general fund revenues and about 5.5 percent of state revenues from the income tax would be combined with a state-collected 20-mill property tax under a new plan backed by Senate Republicans to provide near-equity in financing for school operations.

The plan — distributing \$4,930 million to schools — would provide a net property tax cut of \$1,101 million to homeowners, farmers and businesses out of a tax bill that now approaches \$8 billion.

The proposal by Sen. Rudy Nichols (R - Waterford) adopts the \$3,000 per pupil school financing premise of a special Senate task force whose report was issued in February, but rejects that group's recommendation for a sales tax hike to 6 percent, from 4 percent, to finance it.

The plan would require a constitutional amendment to establish the per pupil grant, set the uniform statewide property tax, and earmark revenue growth and income tax funds for schools.

"Property taxes are too high and now is the time to do something about it. We can reduce the property tax burden by shouldering more of the burden statewide. It means we will have to tighten the belt at the state level," Nichols said. The 20-mill statewide tax compares to an average school operating tax rate of 32.12 mills.

The plan has the support of Senate Majority Leader John Engler (R-Mt. Pleasant) and is offered as a counterpoint to Governor Blanchard's \$200 million property tax relief plan to homeowners, financed in large measure by higher tax-

es on selected business. Republicans, who blocked a similar Blanchard plan last session, complained it inadequately addressed the need for property tax relief, unfairly taxed business, and made no attempt to improve equity in school financing.

The \$3,000 per pupil grant — with future increases indexed to inflation — would make the state responsible for virtually the entire cost of basic education.

Currently, per pupil spending ranges from \$1,785 to \$5,915, a gap Nichols called "a disgrace." The state contributed 36.6 percent of the cost of school operations in 1985-86, compared to the national average of 50.22 percent.

Schools would be permitted to continue to spend more than what is currently the state average, with voter approval of up to 4 additional mills or whatever rate is required to maintain current spending levels. Aides said 103 districts now spend more than \$3,000 per pupil.

Nichols said he did not adopt the sales tax recommendation of the task force because he believes existing resources are adequate. The immediate impact on general fund spending would not be significant despite siphoning off income tax and revenue growth funds, aides said, but acknowledged significant cuts could be required in later years.

The basic state grant, assuming 1,639,900 pupils in 1989-90, would cost \$4,920 million, with the 20-mill state property tax raising \$2,384 million. Other state revenue sources would include:

— \$1,104 million from the school aid fund and \$578 million from the general fund, as is currently provided.

— \$230 million by earmarking 25 percent of the income tax.

— \$209 million by earmarking 50 percent of growth in state revenues, excluding transportation taxes.

— \$20 million by eliminating extra aid for schools in cities with high taxes.

— \$10 million through reduced payments to teachers retirement.

— \$24 million by taxing lottery winnings.

— \$25 million through savings on special tax benefits to preserve farmland and open spaces as the tax rate is cut.

— \$327 million in increased income taxes as the property tax credit program is cut nearly in half. The Nichols program would set a \$30,000 limit on household income to qualify for the property tax credits, down from \$82,650 now.

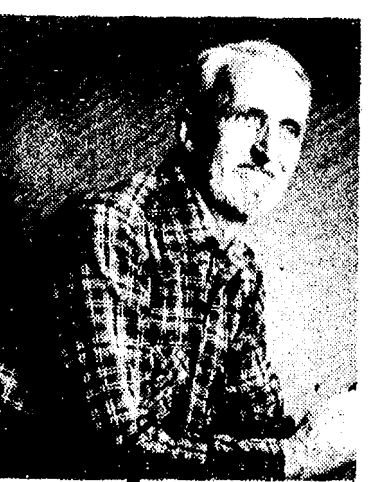

Homeowners would get \$501 million of the property tax savings, with the \$828 million in lower property taxes offset by the property tax credit loss of \$327 million.

Although the average tax cut would be \$200 per taxpayer, Senate tax analyst Gary Wolfram said tax increases would occur in 40 school districts with high property values. That number would decrease in later years, he said, as growing state revenues added more money for schools and growing property values cut the statewide property tax rate.

### Watch the Birdie

By Don Geiss

While complaints have been frequent about the state and federal government taking over lands in Crawford County, quietly but steadily a creature has been possessing even more land.

The little guy (gal) known as the Kirtland's warbler is slowly beginning to insert itself into every inch of property controlled by the DNR and the military. The latest word is that about 8,000 acres of battlefield now in the possession of the military must be quietly evacuated because the bird has taken over.

The interesting part of at least a part of the land in question is that it was traded to the military on a 20-year lease basis only a short time ago. At that time it apparently was certified as being free of the little devils because, at the same time, the military part of the exchange was land that was infested.

It would appear that there is no predicting where the warblers may turn up next. For those who are not aware of the habits of the rare bird, it winters in the Bahama Islands and for some reason known only to mother nature travels back to an area in Crawford

and Oscoda Counties. Because the critter insists on taking that long journey round trip each year, the federal and state governments in their wisdom have decided to chart the nesting areas and close them to humans every summer.

As a result of this precious care, visitors cannot enter thousands of acres in the two counties and more land every year is added to the no trespass list.

Goodness only knows, we are often accused of being "dickie bird watchers" and we accept the finger pointing with good grace. We will match our sighting record with virtually anyone in the area. It is just that we wonder how far protection must go to care for a bird that doesn't have enough sense to migrate to a larger area than only from Crawford County to possibly southern, Midland County.

The latest rumors are that agents of the state and federal government have begun searching under porches, garage eaves and hunting camp attics for nest sites.

Be very careful property owners or you too may become a casualty of the powerful bird.

## A Look Back At Our Past

23 Years Ago  
May 21, 1964

Mr. and Mrs. Charles Savoie of Sault Ste. Marie were godparents at the baptism of their nephew, David Trudgeon, son of the Jack Trudgeons, at St. Mary's church on Sunday. Mr. and Mrs. Rene Savoie of the Soo were also present. Mrs. Savoie having been here with her daughter since the baby's arrival two weeks ago. They all returned home Sunday evening.

Mr. and Mrs. Bob Knutilla were overnight guests of her parents, Mr. and Mrs. Harry Souders, last weekend, after being in Lansing for the past week on business.

Michael Brady, who has spent the past 5 years at Maracaibo, Venezuela, has been transferred by the Gulf Oil Company to Nigeria, Africa. Mike was home for four weeks with his mother, Mrs. John

Brady, and left Sunday, the 10th with his brother Bob and wife for Detroit, going on to New York. He left there Tuesday the 12th at 7 o'clock, for Lagos, Nigeria. The Bob Bradys had spent the weekend with Mrs. Brady and the George Skinners.

Kay Jansen, daughter of Mr. and Mrs. Don Jansen, second year Spanish student at Grayling High School, placed among the top 6 students in Michigan in the National Spanish exams with a score of 91. The National Spanish exams are given the first part of April each year, and are very difficult, in order to discover the top students.

The Frederic Boy Scout Troop 78 planted 200 Austrian pine trees for a border in the Frederic Town Park Monday of last week.

Mr. and Mrs. Don Smock took their daughter to Ann Arbor Satur-

day in connection with her trip as exchange student, stopping overnight at Flint to visit another daughter and family, Mr. and Mrs. Charles Mires and baby.

The Jim McClains and four children left Thursday to visit her parents, the Thorvald Sorensens, for a couple of days, then stopped overnight in Pontiac with Mrs. McClain's sister and family, the Earl Jensens, before returning home Sunday.

Mr. and Mrs. Arthur Mingus of Grand Lodge visited the Bill Kinkerters over the weekend. They were accompanied by Mrs. Lucille Hewitt, who visited her sister and husband, the George Schaibles, Sr.

46 Years Ago  
May 22, 1941

A group of seniors from the Ovid, Mich. High school enjoyed a canoe trip down the AuSable river Tuesday, going to Stephens bridge. On the way they stopped over for a picnic lunch. Besides the guides, Mr. and Mrs. R.P. Barrus of Lansing accompanied the group. Their daughter Janey is a member of the class.

Mrs. Thomas Wells was pleasantly surprised on her birthday on May 12th when many of her relatives arranged a celebration and invaded her home on the AuSable river.

Mrs. Ray Clement accompanied by Mrs. Nettie Wilscher of Detroit, spent the weekend in Grayling visiting Mr. Clement, who is spending a month here enjoying the trout fishing. Grayling was Mr. Clement's boyhood home. At present he is

clerk in Judge Scallen's Records Court in Detroit.

Birchwood Lodge on the Manistee River near Riverwood, will be honored over the weekend by the presence of Mr. and Mrs. Don Ameche, Hollywood, Calif., the former a famous motion picture actor; also Mr. and Mrs. Frank Bennet of Palm Springs, Calif., and Mr. and Mrs. Alger Sheldon of Grosse Pointe Farms. Birchwood Lodge is owned by a club. Mr. and Mrs. Cooper are the caretakers.

Mrs. Rollie Brink and daughter Mrs. Alice Hyatt of Bay City were in Grayling on Saturday and attended the Mother-Daughter banquet.

Mr. and Mrs. Leo Koerper of Detroit spent the weekend in Grayling and on their return Sunday were accompanied by the latter's aunt, Miss Jane Ingley, who will be their guest for a couple of weeks. Mr. and Mrs. Koerper, who are soloists at St. Cecilia's church in Detroit, sang in the choir last Sunday at St. Mary's church, adding beautifully to the mass.

Miss Marion DuBois of Vassar is visiting her sister Mrs. George B. Stanley expecting to remain indefinitely.

Charles and Paul Bender, who resided in Frederic years ago, were here last weekend visiting their cousins Mrs. William Leng and George Lodge. The Bender boys now live in Chicago.

69 Years Ago  
May 23, 1918

Misses Mary Cassidy and Fern Armstrong were in Bay City over Sunday, guests of Miss Alice Brink.

Irving Lankey of Bay City, who formerly with his parents resided in Grayling, has received a commission of Lieutenant in the Aviation corps.

Miss Kathryn Hanover, daughter of Mr. and Mrs. George Hanover, and Mr. John Deckrow, son of Mr. and Mrs. F.R. Deckrow, drove to Frederic Wednesday evening and were quietly married by Rev. Terhune of that village. They were accompanied by Mr. and Mrs. Sanford Palmer, who were witnesses of the ceremony.

Mr. and Mrs. Peter McNeven and children left Saturday to spend the summer at Mackinaw City, where the former will be employed.

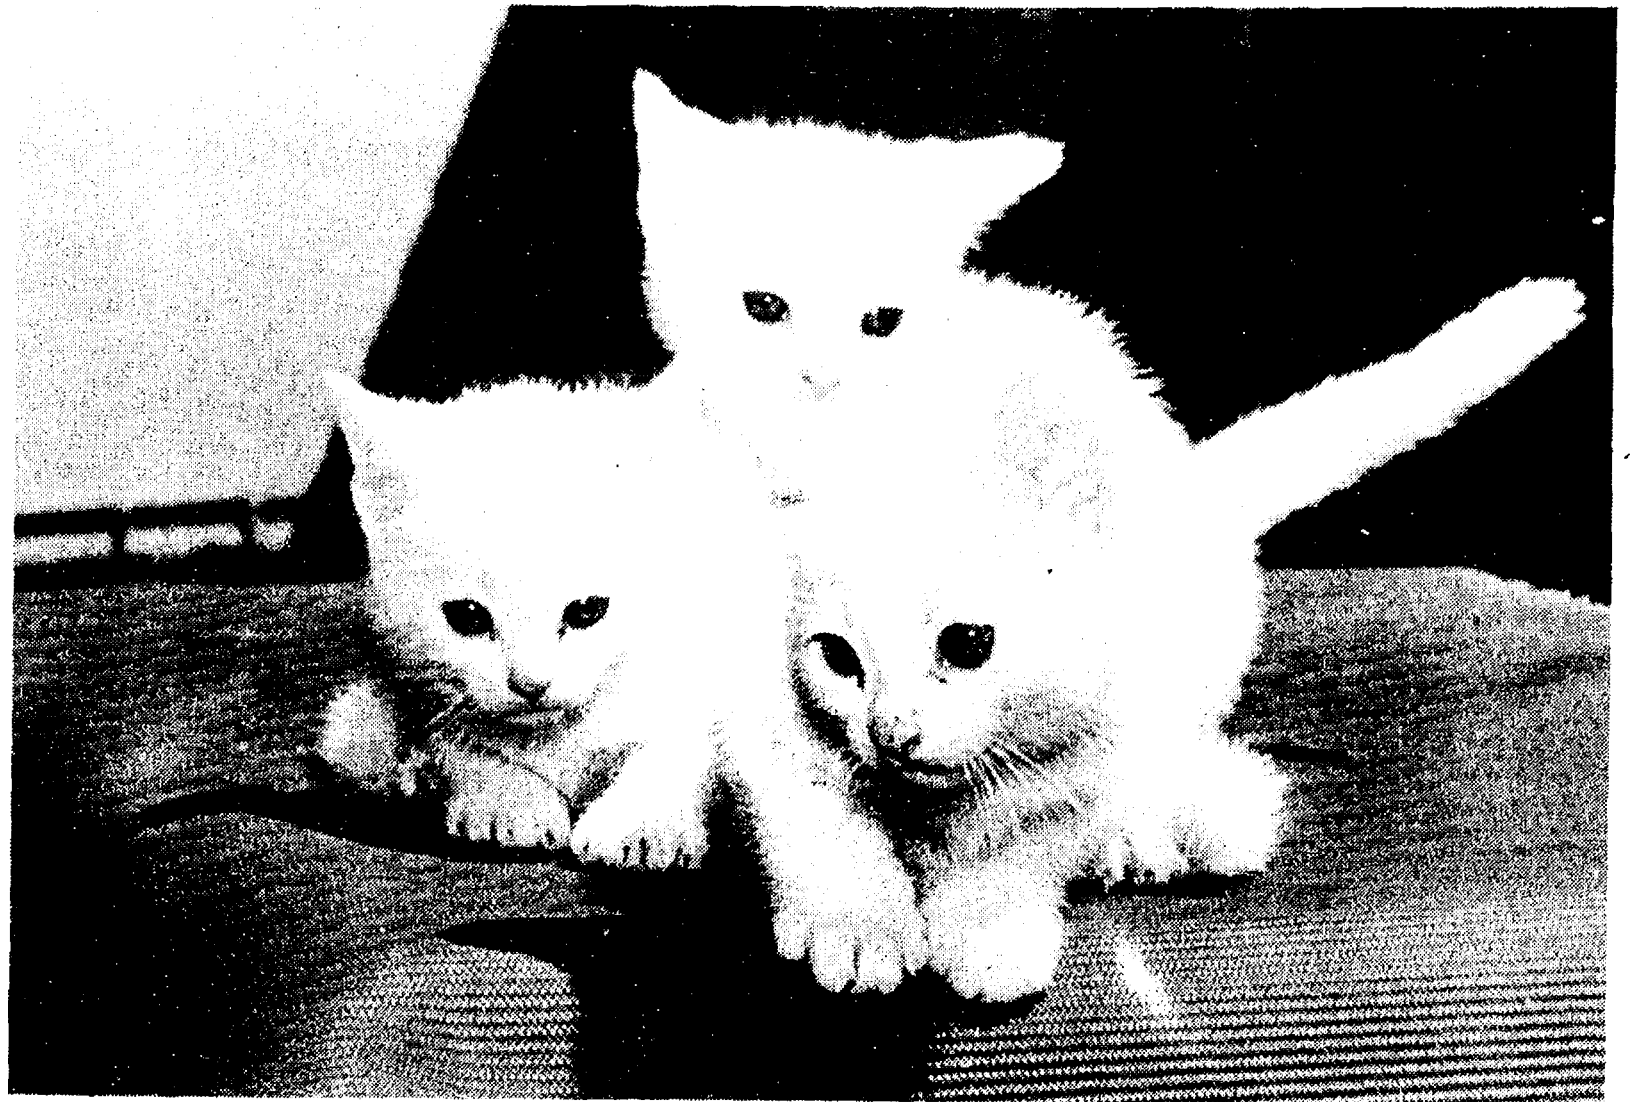

Mrs. J.H. Wingard and daughter Edna drove to Kalkaska Sunday. Mrs. Wingard returned Tuesday, but Edna will stay about two weeks. While there she will be a guest at the Rev. Robert Huston home, formerly of Gray-

ling.

Sigwald Hanson arrived last week to the take charge of the electric plant here. At present he is staying at the home of his parents, Mr. and Mrs. J.K. Hanson. His family will join him later.

John D. Brown, of this city, oldest son of Mr. and Mrs. Andrew Brown, has been made one of the students of the University of Michigan to take month's intensive training for University students that opens at Fort Sheridan

next month. John is one of 211 men who are recommended for this training and who were selected on the basis of their scholarship and military knowledge. They are all members of the reserve officers training corps.

## 18 1st-Time Donors Attend Blood Bank

One hundred ten blood donors attended the GHS blood bank held last week including three persons who received gallon donation pins. Allen Etson received a 16-gallon donation pin; Theodore Buehler and William Mapes both received 13 gallon pins.

The top groups donating for the May 13th blood bank were GHS students, Crawford AuSable Schools staff, and the National Guard.

There were 18 first time donors: Christopher Edinger, David Porath, Jeffery

McLaughlin, John Schilbe, Heather Derenzy, Joseph Fancis, William Mitchell, Ward Jones, Michael Nelson, Karl Schmidt, Kelli-Jo Warden, Crystal Herdon, Scott Bly, Jeffrey Wolcott, Jody Dowland, David Reichelderfer, Starr Featherston, and Bonnie Hatfield.

## Grayling March of Dimes Walk-A-Thon Nets \$1500

The Grayling March of Dimes Walk-A-Thon had 71 walkers, representing 7 teams from local business places. Almost every walker completed the entire 5 mile walk and raised \$1500 for the March of Dimes fight

against birth defects, said Ginny Brozowski, chairman of the local Walk-A-Thon.

This money goes towards the March of Dimes programs of research, medical services and education. Birth defects are this country's number one child health problem, striking 250,000 babies every year.

The K mart team won the first place award for being the largest team with most money turned in and Ginny Brozowski was the walker who turned in the highest pledge of \$124.00 total as she led her team, Weight Watchers, on the March. Pizza Hut served pizza and Big Boy Restaurant served lemonade and ice water to the walkers at the Eagles Club where the walk originated on Sunday, May 17.

Plans are underway for next year's walk and anyone interested in helping please call Ginny Brozowski at 348-9891 for more information on how they can help.

## Resource Review

A problem we face every spring is the removal of young animals from their natural habitat. Many people just cannot help themselves when they see what they think is an abandoned baby. A serious situation arises when the animal involved is a deer. A fawn is cute, fun and defenseless and people feel they are doing a good thing when they rescue it from the wild.

What people don't realize is that 99% of the time the fawn's mother is probably watching them as they pick it up and carry it away. Practically any animal will leave its young for various lengths of time. Never far away, always watchful, the parent is there.

After the fawn is "saved," problems begin to develop.

What to feed it? Where to keep it? How long to keep it? A wild animal raised in close captivity does not have an opportunity to fine tune survival skills needed in the wild and has a reduced chance of survival when released.

Some animals become dangerous as they become older. A young girl from the Thumb area was nearly killed several years ago by an antlered buck which had been raised by a neighboring farmer. The 1½ year old buck attacked the girl for no apparent reason, severely lacerating her face with his antlers as she approached to pet him.

A raccoon, another frequently "saved" baby animal is a very endearing wild baby. But they have a real tendency to viciousness as they grow older.

The best thing to do when you see a young wild animal is to leave it alone. Don't touch, don't approach too closely. Observe it quietly if you wish, but leave it where you find it. Nature takes care of its own.

## Co-Op Nursery Awards 60 Prizes

The drawing for the Grayling Co-Op Spring Raffle was held Monday, May 8th at the school, for more than 60 prizes donated by our local merchants.

Grand prize went to Evelyn Keir, a Co-Op grandparent. She won a Lawn Boy Weed Trimmer valued at \$130. 2nd prize went to Cindy Lingle, she won 5 yards of Top Soil, 3rd prize was won by Paula Buchanan, a Doll from Grandma's Dolls.

The fundraising committee fell short of its goal this school year but summer fundraising plans should help," reports Sandy Latusek, fundraising chairman. "Next year we plan on having another Fall and Spring Raffle, both getting an earlier start."

## Grayling Job Service Offers Employment Help

With unemployment at 16.8% in February, the West Branch Michigan Employment Security Commission office continues to provide service to many northeastern Michigan residents. According to the local office manager for Job Service, Tim Herrick, \$4,594,896 in unemployment benefits were paid during the quarter ending March 31, 1987. There were 3,149 initial claims, 1000 claims renewed, and 30,032 weeks of unemployment claimed for regular benefits. Farmers applying for disaster unemployment assistance claimed an additional 605 weeks of unemployment.

"During the same period," says Herrick, "our Job Service was very productive: we interviewed 2815 applicants seeking employment." Out of 816 applicants referred to jobs, 295 were hired. Another 42 persons obtained employment following assistance by a staff person such as provision of tax credit vouchers, employment planning, or advice on how to find a job. It should be noted that the first quarter of the year

is the most difficult time of the year to find a job and much greater placement results are anticipated for the balance of the year.

The local office is involved in the "professional resume system" which provides assistance to professional, managerial, and technical applicants in a six state area. This computer matching of applicant and employer needs has a one week turn-around and is a great service to both applicants and employers.

Another service appreciated by both employers and job applicants is the provision of "targeted jobs tax credit" vouchers. This is not a government program as such, but rather a certification service to employers which qualifies them to take federal income tax credits on each new person they hire from various eligible applicant groups. The tax credit is in the amount of 40% of the first \$6000 in wages paid in the first year of employment. The summer youth tax credit allows employers to write off 85% of the first \$3000 in wages paid to eligible 16 and 17 year old youth

between May and September. Herrick says interested employers should contact their local Job Service office for more information.

The West Branch office maintains Job Service outreach offices in Grayling, Clare, Gladwin, Omer, Oscoda, Prudenville, and Roscommon. Jim Karpicke, Crawford County's Job Service representative, suggests that job seekers register for work at his office in the county building.

## Frederic Hobby Club Hosts Annual Banquet For Mothers, Daughters

On Monday, May 11th, the Frederic Hobby Club held its annual Mother and Daughter Banquet, with 74 Moms and Daughters attending.

The welcome was given by Peggy Robinson club Vice-President.

The tables were decorated with candle and floral arrangements. A silk rose was placed to complete each place setting.

The meal was provided by each of the ladies bringing a dish to pass. The blessing of food was given by Muriel Leng.

Miss of Ceremonies was Merna Newberry, Club President.

Our guest of honor and speaker for the evening was Ruby Alma.

Everyone joined in singing the song "Mother."

The toast to the mothers was given by Kay Welch.

The toast to the daughters was given by Eva Ritter.

Music for the evening was

provided by Carolyn Kolka. The special song "Beautiful Hands" was sung by Carolyn and her mother Marion Ayers.

Mamie Strachly won the prize for being the oldest mother with daughters present.

Sue Brown won the prize for being the youngest mother with a daughter present.

Amy Bordeaux was the winner of the door prize.

The program closed with the Blessing for Mothers by Merna Newberry and the singing of "This Land is Your Land" by all.

**I Bet You Didn't Know**

Brought To You By Laurie Scheer Sales Representative

Here's a surprising fact...When the New York Mets won the pennant last year, they finished farther ahead of second place than any other team in big league baseball history, except one... The Mets last season finished 21 1/2 games ahead of second place...The only time that's been surpassed was by the 1902 Pirates who finished 27 1/2 games ahead.

A woman named Jackie Mitchell once struck out the mighty Babe Ruth and Lou Gehrig in a baseball game... It happened in an exhibition game between the New York Yankees and Chattanooga Lookouts in Chattanooga, Tenn., in 1931...Ms. Mitchell got the chance to face Babe Ruth and Gehrig because she had struck out 9 men in a row in a sandlot game the year before and she had a great sinker pitch...Some skeptics claimed Ruth and Gehrig struck out on purpose but other observers believed the strikeouts were legitimate and that Ruth was truly trying to hit, and was angry he struck out...In any case, Jackie Mitchell was possibly the greatest woman baseball player of all-time...She played one year with the all-male House of David team that used to tour the nation, and she pitched occasionally for some local male teams in the 1930s...And the fact is she DID strike out Babe Ruth and Lou Gehrig on one memorable baseball afternoon.

I bet you didn't know... That Chevrolet has the all new 1988 Corsica and Beretta at Scheer Motors. These cars have front wheel drive and 6 year 60,000 mile warranties. Also these 1988 model cars have \$500 rebate. Please come and see them at Scheer Motors.

Grayling fought back from a 7-1 deficit Monday, May 18, to advance in state high school baseball action. The Vikings play Onaway at Cornell Field Friday, May 22, at 4 p.m.

Grayling could have easily given up the ship Monday afternoon trailing by six runs after one and a half innings. But the Vikings battled back against Harbor Springs, the rain, and the cold wind to win 9-8.

Jim Knight drove in the winning run in the bottom of the seventh inning to cap Grayling's comeback. To start the inning Jeff Palmer beat out a throw by the third baseman when the first baseman pulled his foot off

the bag. Palmer, the lead-off batter for Grayling in the bottom of the seventh, advanced to third when the first baseman mishandled a pick-off throw. After a strikeout by John Kinnee, Jim Knight delivered a hit to center field scoring Palmer. Knight also was a defensive standout as Viking coach Fred Wolcott said he made three plays at first base that kept runs from scoring.

Harbor Springs jumped on Grayling 3-0 in the top of the first. John Meagher walked and scored a run to make it 3-1 after one inning. Harbor came back with four runs and Grayling's chances for advancing looked as bleak as the weather. Then the Vikings batted around in the bottom of the second and scored six runs to tie the game.

Grayling went ahead on a run by Palmer in the fourth inning and the Vikings were one strike from winning in the top of the seventh when Harbor tied the game. Palmer, playing catcher in the seventh inning, ended the threat by Harbor when he threw a runner out at third.

Chris Skidmore came in

the game in relief for Jeff Palmer in the third inning and Skidmore, a sophomore, got the win limiting Harbor to one run.

The win moved Grayling to 12-4 and the Vikings were expecting to be ranked among the top ten teams in class C.

Last week, Grayling swept Charlevoix 4-3 and 11-1 to improve their record to 9-1. Palmer pitched a three-hitter in the first game for his sixth win without a loss and Skidmore pitched a four-hitter to improve his record to 5-1.

In the first game, Grayling scored two in the first inning. Flaskie Robins singled and Palmer walked. They advanced on a ground out and both scored when a pick-off throw to third went wild. Meagher scored in the third inning when he walked and took second on a bunt by Robins. He stole third and Palmer drove him in with a single. The winning run was scored in the sixth inning when Palmer doubled and Knight doubled to score him.

In the second game, Kinnee led hitters with two home runs, two RBI's, two

runs, and 3/4 hitting, Knight was 2/4 with one run and one RBI, Meagher was 1/1 with three walks and three runs, Robins scored two runs on two walks, Jason Teddy was 1/4, and Mike McNamara went 1/1 with two walks.

On Saturday, May 16, Grayling got knocked out of first place in the league when Sault Ste. Marie swept the Vikings 12-2 and 12-2. Grayling left town about 6:30 a.m. for the long bus ride to the Soo and the ride back felt even longer after Sault Ste. Marie mercied the Vikings in both games.

Wolcott said the Soo pitchers were hard throwers and struck out 23 Grayling batters.

In the first game, Grayling got five hits including a long home run by John Kinnee. McNamara added a double and Palmer, Meagher, and David Somerville added singles. In the second game, Robins had two doubles, Meagher singled, and Jeff Wolcott singled.

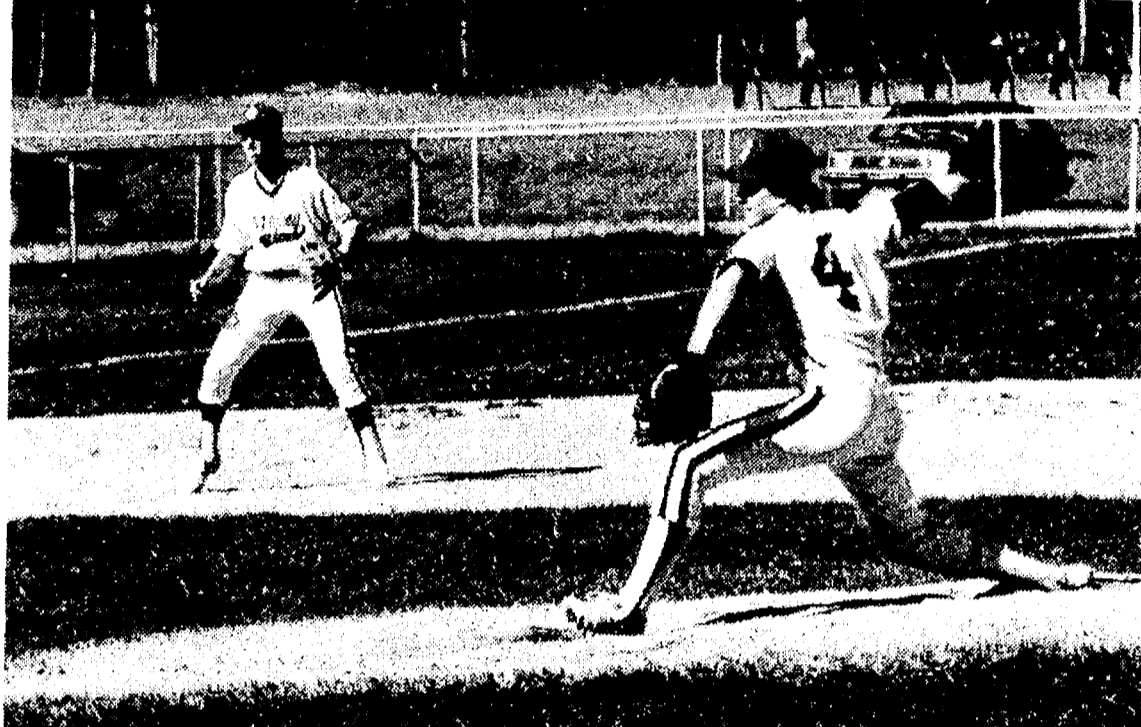

All of Grayling's losses this year have been to class B teams.

The Vikings played Petoskey Tuesday at home.

## New Head Football Coach Hired at GHS

Don Stowers has been hired as a Grayling Middle School instructor and head GHS varsity football coach for the 1987-88 school year.

Stowers, 50, has 27 years experience coaching football with 24 years as head coach. He began his career as a teacher and football coach at Flint Atherton and then at Greenville High School. He spent the next three years coaching and teaching in

Ohio before moving to Florida where he has taught and coached for the last 18 years.

Stowers has an overall 91-51 record as head coach. His teams have went to the state play-offs three times and participated in three post-season bowl games. Twenty five of his players have gone on to play for major colleges such as Alabama, Tennessee, and Florida State.

Stowers played defensive line at Eastern Michigan University and earned his Masters degree at Akron University after earning a degree from EMU.

Stowers was selected from a field of 25 applicants. The Board of Education hired Stowers at their May meeting. Seven finalists for the position were first interviewed by a team consisting of an assistant football coach, a board member, a parent, and two students. Then the high school principal, superintendent, and athletic director interviewed the candidates.

### 4-H T-Ball Starts June 8

All Grayling youngsters who are six or seven years old and want to learn about baseball can join 4-H T-ball. The first meeting will be held on Monday, June 8th, at the Grayling Elementary School in the grassy area between the school and the football field at 4:30 p.m. Parents should sign up children by stopping by or phoning the Cooperative Extension Service office at 348-2841 ext. 264.

## RSVP Reports

By Aleta Thompson,  
Director

Realizing that many  
volunteers want to serve  
their community but cannot  
serve on a continuous basis,  
RSVP offers short-term  
assignments. Many agencies  
need help with mailings, of-  
fice work, and blood  
mobiles, Special Olympics  
and Easter Seals are only at  
certain times of the year,  
and RSVP tries to fill their  
requests for "now and then"  
assistance. Many of our  
volunteers help on special  
projects in addition to their  
regular assignment.

The Grayling Community  
Self-Improvement Project is  
in need of help with their  
project, which would consist  
of picking up paper on one  
empty lot, and then assisting  
in the planting and main-  
tenance of petunias at some  
business in the city. For fur-  
ther information on this

project please contact  
Dorothy Murphy 348-9291.

The Fourteenth Annual  
Recognition Dinner will  
be held June 20, 1987, at the  
Grayling Holiday Inn. Invi-  
tations will be sent to all  
RSVP volunteers. More de-  
tails will be released soon.  
Are you aware of all the  
benefits membership in  
RSVP offers you? "Let me  
count the ways" reimburse-  
ment for mileage, rebim-  
bursement for a meal while  
volunteering, Insurance  
coverage for all volunteers,  
matching volunteers with  
community needs, recogni-  
tion events, a fact-filled  
monthly newsletter, and  
membership in a national  
organization! Call our of-  
fices Crawford County 348-

### Local Shriners Assist In Weekend Pageant

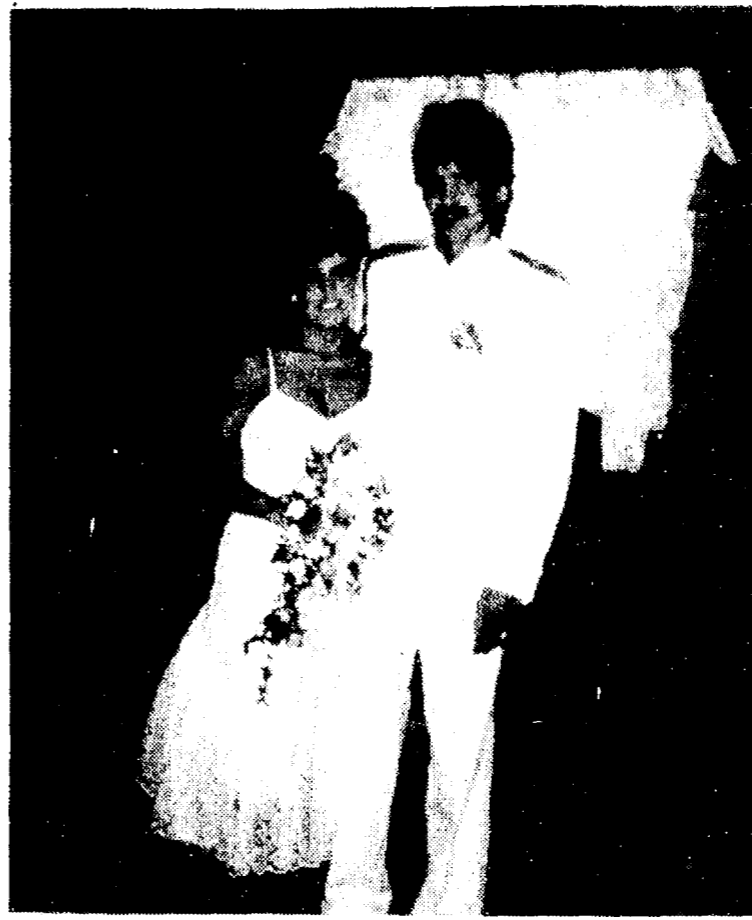

The Shriners of the Au-  
Sable Shrine Club of Gray-  
ling and Roscommon took  
part in an initiation cere-  
mony held in Houghton Lake  
over the past weekend.

On Friday evening a  
reception was held at the  
Houghton Lake Community  
Center for 58 candidates and  
their wives.

The initiation ceremony  
took place all day on Satur-  
day with a break for a Sa-  
turday parade by several groups of  
Shriners from all over the  
state. The ladies were guests  
at a luncheon held at the  
Houghton Lake Holiday Inn.

On Saturday evening a  
barbeque "cook-out" was  
held in a large tent on the  
Holiday Inn grounds. Ap-  
proximately 600 shriners  
from throughout the state  
and their wives were in at-  
tendance.

Candidates initiated rep-  
resenting the AuSable Shrine  
Club of Grayling and Ros-  
common were Mr. Roy  
Vogelsburg and Mr. Darrell  
Earls.

**MORRILL-MYERS WED** — Kay Morrill is

west of the Crawford County Line, north of Daniels Road and  
east of the gas pipeline. Firing will begin at 8:00 a.m. 21 May  
87 and cease at 5:00 p.m. 21 May 87.

The Range 40 Complex located north of County Rd 612,  
east of Guthrie Lake, south of Old State Rd 612, and west of  
County Rd F97 (Twin Bridge Rd). Firing will begin at 8:00  
a.m. (Daily) 20 May 87 and cease at 5:00 p.m. (Daily) 27 May  
87.

The Ranges will be closed to the public during these  
periods and all persons are warned to keep out of the areas  
identified.

### 2nd Annual Rabbit Show Here May 23

The Nature II 4-H Rabbit  
Club will sponsor its 2nd an-  
nual rabbit show on May 23  
at the Crawford County Fair  
Grounds. It will begin at  
12:30 and any child 19 and  
younger can compete. The  
fee is \$1.00 per entry, with  
forms available at the 4-H of-  
fice in Grayling.

There will be trophies and  
ribbons to win. Steve Parker  
will be our rabbit judge. He  
requests no mixed breed  
rabbits.

Keith Forbush will be our  
showmanship judge. A  
trophy will be awarded to the  
winner. Mixed breed rabbits  
may be used for this com-  
petition. There will be a  
competition for adults.

Beginning with the May 9 Super Lotto  
drawing the Michigan Lottery will test a  
Super Lotto match three bonus drawing.  
The following provides basic information  
about the sweepstakes.

Q: What is this bonus drawing all  
about?

A: The "Match 3 of 6 Sweepstakes" simply  
means that players who match three of the  
six winning Super Lotto numbers drawn in  
any one play are eligible to participate.

Q: What can I win in this sweepstakes?

A: The top prize will be \$50,000.

Q: How do I enter?

A: Each player matching three of six Super  
Lotto numbers drawn should send each  
individual ticket, along with a piece of  
paper with the player's name, address and  
telephone number legibly printed, to:  
Michigan Lottery "Match 3 of 6 Sweep-  
stakes", Lansing, MI 48916.

Q: What is the deadline for entries?

A: Entries must be received at the above  
address no later than July 1.

Q: Are there any restrictions for  
entries?

A: Yes. Because each subscription includes  
extra drawings without charge. Super  
Lotto subscriptions will not be entered in  
the drawings. Multi-draw wagers can be  
entered only after all drawings on the  
ticket have been conducted. All entries  
become the property of the Michigan Lot-  
tery and cannot be returned.

Q: How will the Sweepstakes drawings  
work?

A: A series of random drawings will be  
conducted by a Lottery drawing manager  
from among all valid entries. Six finalists  
will be drawn on July 15 and they will be  
notified by Lottery officials no later than  
July 17.

Q: What happens next?

A: The six contestants will participate in a  
half-hour television special, with an excit-  
ing new format, for the \$50,000 top prize as  
well as smaller cash prizes.

Q: When will that program be shown?

A: The program will air at 7:30 p.m. on  
August 1 on the statewide Lottery televi-  
sion network which regularly broadcasts  
the Lottery drawings.

Q: What television stations are part of  
the network?

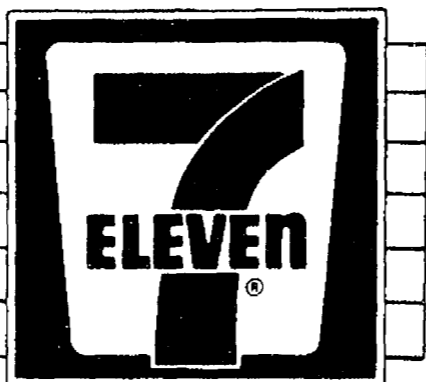

A: WDIV-TV in Detroit, WOTV-TV in  
Grand Rapids, WILX-TV in Lansing/Jack-  
son, WNEM-TV in Saginaw, WWUP-TV in  
Sault Ste. Marie, WWTW-TV in Cadillac  
and WLUC-TV in Marquette and numer-  
ous cable outlets make up that network.

Q: What if I match three Super Lotto  
numbers after the July 1 deadline for  
entries?

A: Entries received after that date will be  
included in drawings for a second "Match 3  
of 6 Sweepstakes," tentatively planned dur-  
ing the month of November as part of the  
Lottery's 15th anniversary observance.

For submitting a question which led to  
this column, D. Lemanek of Warren will  
receive 50 free tickets for the Lottery's cur-  
rent instant game, "Winning Numbers."  
If you have a question not yet covered in  
these monthly columns, send it to:  
"Winners Circle," Michigan Lottery, P.O.  
Box 30077, Lansing, MI 48909.

What's the difference?

Truth is, there's a big difference. And at Wurtsmith Community Federal Credit Union we believe that you  
should know that difference, especially when you're putting your family home up as collateral.

A Home Equity Loan can be a great way to borrow against the equity you have built up in your home over  
the years. Or, it can put you deeper into debt than you can afford.

Come talk to the loan counselors at the Credit Union before committing to a home equity loan . . . or  
any other type of loan where your home is used as collateral. We'll work with you to help you get the best  
type of loan for you.

## Nursing Assistants Honored

With the acute shortage of graduate nurses in the United States, there has never been a more urgent need for well-trained caring nursing assistants on the job to help meet the needs of the nursing home and related health care facilities.

It was for this reason, as well as many others, that the Grayling Health Care Center held the annual "We Appreciate Our Nursing Assistants" luncheon on Tuesday, May 19, at the facility in Grayling.

It was a culmination to the prior week's activities when Grayling Health Care, along with other American Health Care Affiliates, celebrated National Nursing Home Week and encouraged people to "Discover Life's Treasures" by visiting a nursing home resident.

"One of our treasures" states Judy Tremblay, Director of Nursing Service, "is the quality care given by our Nursing Assistants." "Educated to be the eyes and ears of the licensed nurse, they are relied upon for accurate and immediate observation and communication."

The Nursing Assistant must be adequately prepared and ready to meet the high standards of Nursing

Service in the nursing home. Some candidates for Nursing Assistant came through Job Training Services, COOP Program or Kirtland Community Col-

lege, while others are involved in training sessions at the Grayling Health Care Center.

"Much hard work and ded-

ication is seen daily throughout the facility as these direct care givers strive to meet the individual needs of the residents," said Pam Niebrzydowski R.N.

**LEGISLATIVE CONFERENCE**—Meeting with Congressman Schuette in his Washington office are George Stancil, of Grayling, and Corky and Barbara Gaylor, Roscommon. The group was in Washington to attend the Independent Insurance Agents of America's National Legislative Conference, March 23-25. Stancil serves as treasurer for the Michigan Independent Insurance Agents.

## Par for the Course

The second week of play for the Wednesday Golf Auxiliary was on May 13 with all golfers present drawing for foursomes for regular play. Low scores for Flight A were Carol Thompson, 45, Mary Jane Knibbs net of 31 and putts of 14. Flight B lows were Mary Sidwell with a 51 and net of 30 and Ann BuBois 13 putts. In Flight C Nancy Hoffman had a 59 and net of 31. Marge Smith also had a net of 31 and Jean Raab had 16 putts. Donna Pottorff in "A" chipped in on No. 5.

Sue Brenner and Jean Raab were in charge of the drawing. A short business meeting and awarding of prizes followed the lunch of soup, sub sandwiches and banana split cake, served by Bear's Country Inn.

An error in a previous article stated that the organi-

zational meeting each spring would be held on the first Monday of April; it should have read the fourth Monday of April.

Just a reminder for those club members who wish to join the Thursday "Hookers and Slicers League."

We will have a "Get Together" day May 28th, with golf between 4 p.m. and 5 p.m. Make up your own foursome. A social hour and meeting will follow. A sign up sheet is on the bulletin board. Subs are also needed.

Regular league play will begin Thursday, June 4th.

# CASH IN ON YOUR HOME EQUITY

It's easy with "Silver Line® Plus" — a personal line of credit that converts your home equity into buying power. Use it to borrow \$10,000, \$100,000 or more at a preferred rate. And since "Silver Line Plus" is secured by the equity in your home, you will realize tax benefits when you borrow for medical or educational reasons. Tax benefits may also apply when you use "Silver Line Plus" for other purposes.

There's no annual fee and no commitment fee. You pay only standard title insurance, recording fees and a small processing fee. So it makes sense to apply now — so you'll have your line of credit when you need it.

Call or visit your nearest Great Lakes Federal Savings office and ask for a "Silver Line Plus" brochure and application. It's the smart way to cash in on your home equity.

The city crew have been kept busy picking up limbs and debris from all over town. People are doing an excellent job of cleaning up and the wind helped take a lot of things down. Another startling change occurred on the business loop last week when the wreckers demolished the old Clark house next to Mosheir's. It had been occupied in recent years by Norm Parker Surveying and as I understand it, had been sold. In one day's time it was gone and the ground all leveled off. Another Grayling landmark gone!

The City Hall flower bed has been planted and looks very colorful from the street. There are already many flowers appearing around town. This is early for here and our only hope is that the frost around the end of this month or the first of June won't get them.

Bob and Eileen Chappel had a two-week vacation in which they traveled to Gulf Shores, Alabama, and New Orleans. They visited friends, Jim and Cathy Thompson in Covington, Louisiana, and visited the French Quarter, the Jackson Brewing building which is full of shops, and the River Walk. Enroute home they stopped to visit their children, Judy and Gary Lenn, Kim and Andy, and Kathy and Chuck Hudson, Jamie and Matt, in Harper Woods and St. Clair Shores.

Karla Dosch has arrived home from the University of Michigan to spend the summer with her mother, Mrs. Bernie Dosch. She is employed at Mercy Hospital.

Mrs. Bernie Dosch was in Morristown, New Jersey, recently for a Country Folk Art show.

Howard and Betty Martin of Midland spent several days on Mackinac Island visiting their son Joel Martin and family. They stopped in

Grayling over the weekend and visited her sister and family.

Tom and Marian Welsh returned from Tryon, North Carolina, where they visited Tom's sister and husband, Betty and Doug Stirling. They and another sister, Nelle Maharg of Millington, were called there due to the serious illness of Betty, who is still confined to ICU in the Spartansburg Hospital. Nelle returned to Millington with them and the Welshes visited her sister, Betty, and husband, Warren Reed. They went on to Bridgeport

to spend Mother's Day with Tom and Lynn Welsh and girls. LeRoy and Marie Akers also spent Mother's Day with the Tom Welsh family.

Retired members of the Crawford AuSable School staff met for their twelfth annual spring dinner on Saturday evening, May 16, 1987. The Swiss steak dinner was prepared by Helen Feldhauser and Eunice Slusser and served at the Ingham Street home of Bob and Fay Bovee.

A brief business meeting followed the evening of

visiting and reminiscing at which time Art Thayer was chosen again to serve on the committee of three with Betty Millikin and Katie Funck. Bob Bovee was the outgoing member from this year. Next year's dinner was tentatively set for May 14, 1988.

Those attending were Sally Kumpula, LeRoy and Loretta Christian, Floyd and Betty Millikin, Joe and Faith Stripe, Art and Mary Jane Thayer, Inez Edson of Honor, and Bob and Katie Funck and Elmer and Tressa Fenton.

Mercy Manor residents received a complete set of New Testament tapes and a tape recorder from the congregation at Heritage Baptist Church in Grayling. Making the presentation on behalf of the congregation is Yvonne Lavrack, presenting the tapes and recorder to Mercy Manor resident Evelyn Jameson. Also pictured are residents John Dickman, Helen Clippert, Carter Rosenberg, Ernie Potts and John Dare, and Mercy Manor staffers Glenda Jacobs and Laura Stephenson.

**Essays Win Michigan Week Contest**

G.M.S. seventh and eighth grade English students celebrated Michigan Week and the Sesquicentennial by submitting their best essays to the Crawford County Avalanche. Here are the two winning papers from each class.

The Sportsmen's Paradise  
By Claudine Allen 8th grade  
I think Michigan is a sportsmen's paradise. Our

state's location enables us to enjoy four seasons of beauty and fun. There are many lakes, rivers and forests to swim, boat or take a leisurely walk through.

When the cold wind blows in winter many outdoorsmen can be found ice fishing, hunting or trapping. One can also enjoy skiing, cross-country or downhill, or snowmobiling. With the melting of the snow, spring arrives. The many rivers attract trout fishermen from near and far. The cherry blossoms fill the air with a sweet aroma. As the temperature rises and summertime approaches, Michigan and tourists can canoe our waterways, fish and sail in our lakes and picnic and camp in our many parks and campgrounds. The days become shorter and shorter and Jack Frost paints our forests with shades of red and gold. Our forests come alive with hunters in search of the whitetail deer. Many fishermen can be seen trying for a prize salmon.

The indoor sportsmen, can enjoy a lot of hours of entertainment by watching the many college and professional sports in Michigan.

timber. There are many timber industries scattered across Michigan's splendid land. Timber from Michigan is shipped to many other states. Not only as the water and timber supply a large amount of energy and employment, they are a great pleasure to have these resources among us for recreation.

Farming and mining are some other natural resources Michigan is known for. There is lots of farming in the lower peninsula, and lots of mining in the upper peninsula. Michigan is known for its apples, cherries and some dairy products.

Michigan waters and forests provide lots of places for a variety of recreation. The lakes and rivers provide area to fish, boat, ski, and canoe. The forests provide a place to picnic, camp, hunt, and bird watch. Michigan is a great place to live and visit. I'm proud of what Michigan is and what it has given us.

The Waterways of Michigan  
by Jordan Stancil 7th grade

Over the years, Michigan's waterways have contributed greatly to her economy. In the great days of lumbering, logs were floated down rivers and streams to the many sawmills around the state. Huge ships would then take the lumber and other products made in Michigan to other states and nations. Tourists rent canoes to spend a day on a river. Many people own sailboats and other pleasure craft for use on the Great Lakes, some inland lakes, and even some rivers. As you can see, all these examples have something to do with water. Water is a big part of most Michigan's lives. Almost every town is on or near a river or lake. Michigan's industry is helped by this fact. Goods can be shipped to any-

where in the world from Great Lakes' ports. All of our industry revolves around and depends on our waterways.

Another advantage of having a huge system of rivers and lakes can be felt during wartime. Troops, munitions, and other goods necessary for waging a war can be transported by ship.

Our waterways help the tourist industry in Michigan, also. The many lakes and rivers attract hundreds of hunters and fishermen, boaters, canoeists, divers, and people that just want to have a good time.

In view of these reasons, I feel that Michigan's greatest natural resources are her waterways. In industry, in wartime, and in peacetime, Michigan's lakes and rivers are a great asset to us.

**Michigan —**

The Sportsman's Paradise  
by Angie Thompson  
7th grade

One of the best ways to describe Michigan is as the "Sportsman's Paradise." Just think about it. Michigan has all of the qualities that a state needs to bear this title.

We have 4 seasons, touch 4 of the 5 Great Lakes, and have sports to fit everyone's needs. Take a look at it from a fisherman's point of view.

Fishing is a favorite pastime shared by many. Michigan is a fisherman's heaven, whether it's ice fishing, or any other kind. You can enjoy the scenery as the trout bite on the AuSable, or the adventurous type can take a boat out to Lake Superior to try their hand at salmon fishing.

Maybe you don't like to fish. Michigan has many slopes for the advanced skier, and the beginner. There are Hanson Hills, Boyne, Skyline, and Sylvan just to name a few.

Even if you don't like these sports, you can always find a sport to suit you. You can swim or water ski, take a hike through one of our beautiful forests, or ice-skate or snowmobile in the winter. Michigan is becoming known for its challenging golf courses in the north.

Whether you're a sportsman or woman, you'll know now why Michigan could be called "The Sportsman's Paradise."

Michigan's  
Natural Resources  
By Heather Stephenson  
8th grade

Michigan is supplied with many natural resources. One of the largest is its vast amount of lakes and rivers. Some of the more popular rivers and lakes are: The AuSable River, The Detroit River, The Two-Hearted River, The Tahquamenon River and falls, Grand Traverse Bay, Burt Lake, Whitefish Point, Higgins Lake, Keweenaw Bay, and of course the five Great Lakes: Erie, Superior, Michigan, Huron and Ontario.

Another of Michigan's largest natural resource is

**District Court**

The following persons appeared in 83rd District Court before Judge Francis L. Walsh:

# The Bible Speaks

From Calvary Baptist Church

## CORRUPTION OF CATHOLIC MORALITY

Joseph Cardinal Ratzinger heads the Congregation for the Doctrine of the Faith, and is directly responsible to Pope John Paul for maintaining the purity of the Faith in Catholic doctrine. As the Pope's mouthpiece, he said of Liberation Theology in 1984, "Since Vatican II, and because of a false interpretation of its documents, there is not one area of Church belief and morality that has not been corrupted."

Young Jesuits training for the priesthood reportedly no longer pursue a life based upon the vows of poverty, obedience, and chastity. Father Walter Burghardt, editor of the Jesuit Theological Review, has said, "Experimentation with different life-styles is indispensable for our Jesuit studies, if we are to prepare them (the young men) for a contemporary ministry."

Malachi Martin, conservative Roman Catholic authority, has listed many quotes about altered Jesuit morality. "Chastity was held to be impossible without the capacity to love which is developed by the experience of human love, and this is not always exhausted by one man's love for another. A man's love for a woman and her response can add dimensions of sensitivity that might not otherwise be attained." In a Jesuit Conference report, it became clear that "...instead of marriage or celibate chastity, a third way should be open to Jesuits: intimate relationships with women that would not involve marriage, formal or common-law."

Among proposals readied for the Jesuit GC32 Conference, Martin listed the following concepts, abolition of the Jesuits' Fourth Vow of

special obedience to the Pope; support of socialist politics and fermenting revolution in Third World countries; shortening the training period for Jesuits; allowing married couples into the Society; the diminution of the priestly character of the Society; modification of requirements of Jesuit obedience; open support for homosexual marriages, divorce and abortion, for premarital sex and masturbation; for more experimentation in Religious discipline of every kind; and for Hinduization of Catholic Theology.

Is it any wonder we find Jesuits in America calling themselves "Christian Maoists?" Having abandoned Christian moral virtues, they are given over to a social gospel and mission. Modern Catholic College textbooks reflect the shift in morality. Morality based upon Canon Law is being abandoned in one generation. Is Catholic Church morality infallible? (Hear "The Bible Speaks" at 12:15 p.m. Tuesday on WQON 100 FM).

Memorial Day is a time for honoring those brave men and women who died for their country, that we might continue to live in peace and freedom. How best can we honor them? Certainly, it is important to hold ceremonies, to place flowers on the graves of those near and dear to us. These are public displays of private grief.

There is another way that we can honor these great men and women, however. That is in upholding the principles that they gave "the last full measure" to defend. Study the constitution—here we find the principles upon which this nation was founded. Then make every effort to live by these principles.

This Memorial Day pay tribute to the brave men and women who have died for America and continue through the year to honor them by upholding those values that they died to protect.

## City Council Proceedings

Special meeting of the City Council held May 5, 1987.  
Meeting called to order by Mayor Thompson at 7:30 p.m.  
Members present: Thompson, Golinick, White, Sloan, Latus-  
zek.

Members absent: None. Also in attendance: Jerry W. Mor-  
ford, City Manager; Allen V. Schreiner, City Treasurer.

The purpose of the meeting was to discuss and study the  
City Manager's proposed 1987-88 Fiscal Budget. The City Man-  
ager had prepared copies of the Budget for Council's use. Mr.  
Morford detailed the Budget Message and noted some areas in  
which Council will need to make decisions.

The major topics of discussion included the following items:  
1. Modifications of the heating system at the City Garage  
and Fire Station. Mr. Morford noted that no money had been set  
aside in the budget for this purpose.

2. The paving of parking lots in the City Park and com-  
pletion of related projects. Note: Money for this purpose could  
come from City Income Tax funds, the Playground Development  
fund which contains \$2,650.00 or from Contingent Reserve.

3. The Assessing Contract with Mr. Hunter and Mr. Bate-  
man needs to be approved at a subsequent meeting.

4. The Refuse Contract with Milltown Refuse need of pro-  
posed increase in rates.

5. Christmas Decorations for the North Business Loop are  
included in the Budget as presented.

6. Possible increase in Liability Insurance limits was dis-  
cussed. Council took no action at present.

7. Beginning of computerization of City Office was dis-  
cussed. Note: \$6,000.00 has been set aside in the Proposed Bud-  
get.

8. The proposed Salary Schedule developed by the Council  
Salary Committee was reviewed and tentatively agreed to.

The City Council also discussed each departmental budget  
and had general discussion about many items such as Senior Cit-  
izens tax help, improved parking for City Hall, methods of street  
patching, need for a brush chipper, brining streets, etc.

Mr. Golinick suggested that the City Manager and Treasurer  
contact Mr. Bill Thayer of Bankers Life and have him attend a  
future Council Meeting to explain the city retirement system to  
the City Council.

Council members also discussed the question of providing  
Blue Cross supplemental medical benefits to city retirees at city  
expense, for retirees leaving city service during FY 1988-89 or  
later. Mr. Morford and Mr. Schreiner will look into this matter  
and report back to Council with a recommended policy.

Motion by Thompson, supported by Golinick that the meet-  
ing be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried.  
The meeting was adjourned at 9:34 p.m.

## Road Commission Minutes

April 20, 1987

A regular meeting of the Crawford County Road Com-  
mission was held in their office in Grayling. Chairman Kraus pre-  
siding. Present were: Commissioners Grover Cason and Norman  
Parker, Engineer-Manager John Keir, Accounting Clerk Joanne  
Thompson and Bill Kidder, Krenn Bridge Company.

The minutes of the previous meeting of April 3, 1987 were  
read. Commissioner Parker made a motion to accept the minutes  
as read, seconded by Commissioner Cason. All voted in favor,  
minutes approved.

Payroll Voucher Number 8 in the amount of \$23,571.98 and  
Material checks vouchers in the amount of \$94,263.54 were rati-  
fied.

Bids were opened at this time for the two 1/2 ton pickup  
trucks and treated timber for bridge construction. The results  
are as follows:

Trucks	
Scheer Motors - Net \$14,430.24	
Al Bennett Ford - Net \$15,670.00	
Timber	
Krenn Bridge Co. \$38,266.72 (alternate)	
Art Thureson, Inc. \$23,000.00	

The Board awarded the bid for pickup trucks to Scheer Motors  
and will make a decision on the timber bid at a later date.

A permit was received and approved from Top O'Michigan  
to construct an overhead line on County Road 612 in Maple  
Forest Township.

Discussion was held on the 1987 road projects, and the  
safety program.

Engineer-Manager Keir informed the Board of an Upper  
Peninsula Builders Meeting in Copper Harbor in June. Mr. Keir  
also furnished the Board with information on new products in  
fuel monitoring.

There being no further business before the Board, a motion  
was made and seconded to adjourn. All voted in favor, meeting  
adjourned.

## Crawford County Hospice Gives Needed Support

By Don Geiss  
In the belief that death is a part of life and that persons with advanced illness and their families should have

the community's finest support, Hospice of Crawford County has been established. That statement was made by Maude Rice, until recently

the coordinator for Hospice, when she spoke to an interested group last week. She said, "Hospice is a community based program that

feels a terminally ill person should live their last days in comfort and in control of their final life decisions."

Recently 16 persons from this area attended a six week (two nights a week) training program which also involves six hours of hands-on training in a nursing home. These individuals have now graduated from the program and eight of them have been assigned to patients. Rice said that generally the volunteers are limited to those who can be assigned very soon after they have had training. She noted that if they are not assigned soon they will lose interest.

Rice said that the initial group was actually larger than that usually trained and was broken-up into three sections with Rice, Debra Larson, and Sr. Jane Umlor leading each group. They had a text on death, learned about hospice services, and toured a funeral home.

Since their graduation the volunteers have shown their intent to serve by working many hours, Rice said. One

of them she pointed out has driven over 700 miles for the program visiting not only his assigned person but conducting programs at Mercy Hospital for patients.

Rice explained that the volunteers not only give love to the patient but also have much contact with the family. The family needs the support as much as the patient, she said. The volunteer can stand off and view matters with an objective outlook as well as be understanding to the family's plight.

"The family is cared for as well as the patient and care extends to the grieving period," Rice said. The volunteers follow up during the grieving period for 13 months, she noted. The extra month is to take the family beyond the anniversary date of the death, she explained. Often the families become lifelong friends of the volunteers, she commented.

Rice noted that in her experience, families have ranged from those who did not want any contact with

the dying person to those who wanted to stay with the person for a final farewell even after death. The volunteers are not assigned a new patient right away when one has died because they also grieve, Rice said.

A patient can be referred to the hospice by a doctor, social worker, family member, or home care coordinator at the local hospital. Rice said, "We care for people with advanced heart, kidney, lung and other diseases although cancer patients are the most numerous."

Rice commented that volunteers are confidential listeners. She said that they help make the family comfortable and offer emotional support. In special circumstances they assist by staying with the patient so others can have a few free hours or they may run errands or help prepare a meal.

Rice is leaving the program here because she has employment at Traverse City. As one might expect from this dedicated person, she will be working with the elderly attempting to make life easier as well as dying more peacefully. She named her successor as Carol Gauthier who can be reached at 348-9298.

The organization does need some financial assistance, Rice said because

there are minimal office expenses no matter how one economizes. She also has hopes that at some point the program will be able to obtain the necessary funding to employ a full time volunteer coordinator.

HOSPICE VOLUNTEERS — (L-R) Sr. Jean Umlor, board member, Carrie Kelly, Dave Valdez, Joyce Bullock, Mary Lowery, and Brenda Wisniewski.

HOSPICE VOLUNTEERS — (L-R) Brenda Congr, Celeste Allen, Gail Smith, Maude Rice, president, Carole Sue Sanderson, Paula Buchanan.

## Obituaries

### Susan Jo Engelman

Susan Jo Engelman, 35, of Royal Oak, died Saturday, May 16, 1987. Memorial services will be held at 2:00 p.m. Wednesday, May 20, 1987, at White Chapel Cemetery, Troy, Michigan. Funeral arrangements have been handled by the Harold R. Davis Funeral Home of Auburn Hills.

Mrs. Engelman was a former resident of Grayling. She was the daughter of the late Lawrence and late Eileen Howard. Engelman had graduated from Kirtland Community College, and had previously worked as a nurse at Mercy Hospital.

Survivors are her husband, Gary; her aunt Bernice Windigland of Rochester; and her uncle Robert and aunt Edna Knechtges, of Honor.

Memorial contributions may be made to the Cystic Fibrosis Foundation.

### Dula Fitzpatrick

Dula Fitzpatrick, 66, of Grayling, died Wednesday, May 13, 1987, at her residence. A Rosary was recited Friday evening at Sorenson Funeral Home. Funeral services were held at 11:30 a.m. on Saturday, May 16, 1987, at St. Mary's Catholic Church with the Reverend James Mausolf officiating and assisted by Deacon Bob Nolan. Burial was in Elmwood Cemetery.

Pallbearers were Gary Hubbard, Bob Greenwood, Bob Amey, Dave Wiltse, Virgil Niceswander, and Phillip Stancil.

Mrs. Fitzpatrick was born in Hillman, Michigan, on March 20, 1921, the daughter of Alfred and Rose (Wiggins) Bauer. On June 6, 1942, she married Warren Fitzpatrick. Mrs. Fitzpatrick was a resident of Grayling for 20 years, having previously lived in Lansing. She had been employed at Mercy Hospital for 17 years as a Supervisor of Central Service. At one time she had taught school at Hillman.

She was preceded in death by her husband, Warren, in 1969.

Survivors include her 2 sons, Terry Fitzpatrick, of Bay City, and Brian Fitzpatrick, of Berkley; 6 daughters, JoAnne Hubbard, of Saginaw, Laura Fitzpatrick, of Fort Meade, Fla., Patricia Wilson, of Grayling, Grace Stancil, of Grand Rapids, and Jane Greenwood, of Kalkaska; 3 sisters, Ruth Duby, of Herron, Grace McKay, of Alpena, and Marion Smith, of Bad Axe; and 19 grandchildren.

Memorial gifts may be directed to the American Cancer Society.

### Norbert Cools

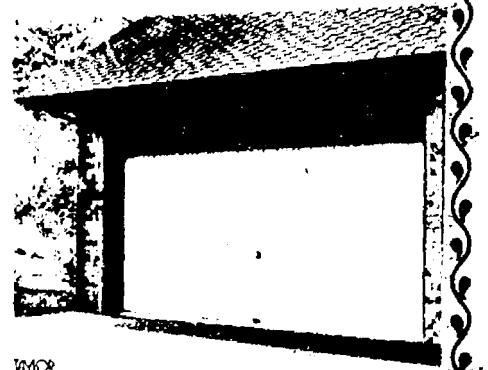

Norbert J. Cools, 68, of Grayling, passed away Thursday, May 14, 1987, at Northern Michigan Hospital of Petoskey. Memorial services were held Saturday, May 16, 1987, at St. Bartons Catholic Church in Detroit with arrangements being made by Hibbard Funeral Chapel in Traverse City.

Cools was born in Detroit on June 12, 1918, and had lived in the Detroit area until his retirement in 1981. He was self employed and owned and operated Cools Landscaping business. In 1943 he was married to Dorothy Parker.

He is survived by his wife Dorothy, of Grayling; one son, Dr. Joseph Cools of Durham, North Carolina; six daughters, Mary Najarian, Farmington, Pat Dorset, Big Rapids, Peggy Cools, Summerville, New Jersey, Shelly LeRoy, Woodstock, Georgia, Nancy Roehr, Warren, and Debbie Skiba, Mt. Clemens. One brother, Larry Cools, Grosse Pointe, and one sister, Margaret Swafford, Peru, Indiana. He was preceded in death by one brother and two sisters.

Memorials may be made to the American Cancer Society.

## Local Businessman Gives The Shirt Off His Back To Help

By Jon Thompson

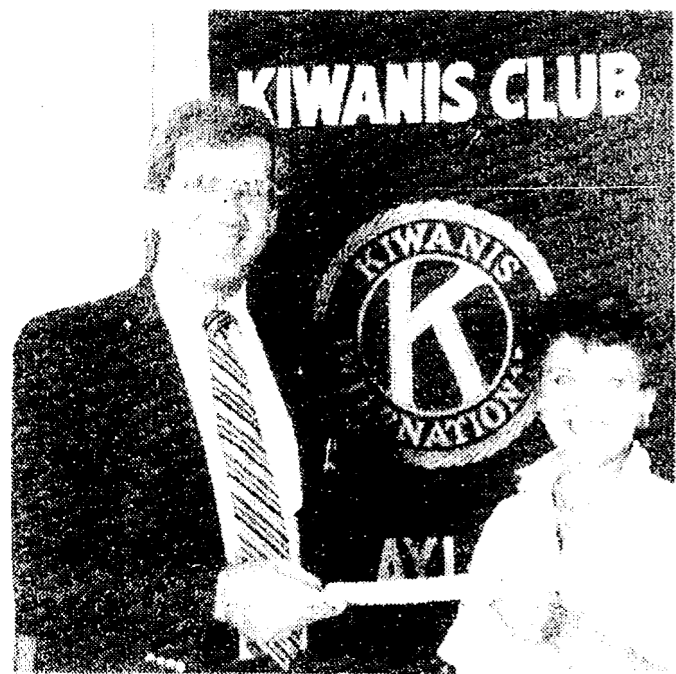

Grayling businessman Dave Wyman literally gave the shirt off his back to help out a UPS driver who suffered an unusual accident with epoxy paint.

It all started last Tuesday, May 12, when popular UPS driver Sue Mogel was delivering a gallon of epoxy paint to Mark McNally at Rochette's IGA. As Sue went into the door at Rochette's, she swung the gallon of epoxy to her shoulder for easier carrying. She carried the epoxy on her shoulder to the back of the store before she felt something wet on her back. That's when the trouble started.

Sue discovered the epoxy was leaking and it was all over her back and had left a

trail on the floor. While McNally helped clean the store floor, Sue rushed over to nearby DuBois Lumber to get paint thinner to remove the epoxy.

Dave Wyman found the right paint thinner for her and also gave her the shirt off his back. Sue then went to the nearby Ice House to change and Sharon Huss helped remove the epoxy from her back. Sue suffered some skin blistering from the epoxy but quick help from the business people helped prevent serious skin damage. In looking back at the incident, Sue said it was sort of a funny accident but she sincerely thanked McNally, Wyman, and Huss for all their help during the unusual situation.

## Another Dealership for Al Bennett Ford?

By Don Geiss

Most people in the area are familiar with the television commercial that ends by saying Al Bennett Ford in Flint, Davison, and Grayling, but soon there may be additional closing words which will say — Pittsburgh, Pennsylvania.

The new dealership in the Keystone State was revealed during an interview with John Jones, vice president and general manager for Bennett. He said that the new store in Pennsylvania is "of course" a Ford dealership.

As the background story was told by Jones, Bennett began in the automobile business as a salesman in 1960. He obtained his own dealership (Ford) April 1, 1979, in Flint and the Davison store opened in 1983.

The Grayling dealership began in 1985 after Bennett was contacted by the company and told that two stores were available in the north country. Jones was sent to the area for a week to check out the local store and look over the community. He liked what he saw and recommended that the Grayling store be purchased.

After almost one and one half years of local operation, Jones commented that they have exceeded their goals by about 150 percent. It is interesting to note, he added, "We are not just drawing people from Grayling or Roscommon but from all over northern Michigan. "We do not go too much further south than Clare, he pointed out. He observed that there is no special advertising campaign in other areas but that the humorous television commercials seem to be enjoyed by many people.

Jones said that he has been in the automobile business for seven years having started as a salesman. He held that position for about five months and became the new car manager. From there he moved to used car manager and finally overall sales manager. He indicated that he was not aware of it at the time but Bennett was grooming him for his owner dealership.

As a measure of sales success in this area, Jones pointed out that in 14½ months after opening, 1396 units were sold. He noted that the period over one year was selected as a measure because the store opened in September and the remaining months of that year were added to the full year's sales.

The only person not locally employed, Jones remarked was the parts manager. He was brought along because the complicated system of parts management necessitated someone who was familiar with the ordering. The seventeen employees are all from the area now, Jones said because even the parts manager resides in Roscommon.

In referring to the interaction between the three dealerships in Michigan, Jones noted that the Flint stores has the base computer. The Grayling store can punch in a vehicle number and the machine feeds back information such as the date it was sold, if there are any factory recalls on it or if there are any technical service bulletins.

With three dealership, Jones commented, we can balance our inventory. If the Grayling store has a run on one particular type of vehicle, replacements can be driven up from one of the other locations. He noted, though, that locally the inventory including new and used vehicles is between \$2.5 and \$3 million in virtually every line.

The parking lot is covered with cars and it is evident that the total inventory figure is worth every bit as much as Jones claims. It is also evident with that full lot that a person can obtain a Ford in whatever style, model or line in a hurry. If it is not on the lot, it can be within a few hours from the Flint or Davison stores.

AL BENNETT FORD — Grayling became the third site for a dealership of Al Bennett Ford.

## Area Resident Wins Choice: \$5,000 or Hawaiian Vacation

Lottery luck smiled on Grayling resident Margaret Martella recently when her name was drawn as one of 10 "Cash Deal" instant game players to win her choice of an all expenses-paid trip to Hawaii or \$5,000 cash.

This special prize was offered by the lottery to players who sent or delivered non-winning "Cash Deal" tickets to any of the lottery's six regional offices. The 10 winners were selected in a random drawing from among more than half-a-million entries on April 30.

Martella, 49, a nurse at Mercy Hospital, said her reaction to news of her good fortune was one of "disbelief and shock, which quickly turned to excitement and thrills."

She and her husband, Edward, a teacher, are planning to take the trip to Hawaii, along with a stop in San Francisco. No stranger to lottery luck, Martella won \$150 in the Michigan 150 instant game last year.

## Avalanche Profiles Local Businesses

Each week since February of this year the Avalanche has been featuring a local business on the new Business Page. The article and photographs usually tell about how the business started and what it offers to Crawford County.

More than a dozen businesses have been featured so far and the Avalanche plans on publishing features on every business in the county.
